

Reading the entire Bible through in one year is overwhelming to many Christians. The **365 Club** is a method that allows the reader to read one chapter a day while following the storyline of the Bible.

Helps in Daily Bible Reading:

1. Set a time to daily read the Bible. It does not matter if you read the Bible early in the morning, late in the evening, or something during the day. The key is to have a set time you will read the Bible each day.
2. If you miss a day, don't panic or quit, simply catch up on a later day. The goal is to develop a consistent pattern of reading the Scriptures.
3. Use a Bible translation that you enjoy and can understand. Many people enjoy reading from the New Living Translation or the Christian Standard Bible. For those who desire a Bible translation close to the original languages, the New American Standard (Update) or the English Standard Bibles are both excellent choices.
4. Read the Bible in printed form so that you can make notes and highlight key verses or central truths.
5. Keep a written journal as you daily read the Scriptures. See the questions below as a guide for journaling.

Questions to ask as you read each chapter:

1. What is the central truth or verse in this chapter?
2. What is God saying to me from this truth or verse?
3. As a result of this truth is that an action I need to take, a sin I need to repent of, or an attitude I need to change?
